
Fairfax Public Access

FPA is a community based member organization providing the public with access to the most powerful communications mediums of our time: television, radio and the Internet. FPA also provides extensive training classes in the use these technologies.

FPA's mission is to create and distribute content of interest by and for Fairfax County residents.

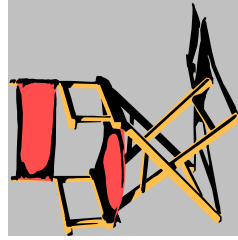

Call today for further information, or complete and return this membership form to get started.

IT'S EASY

- **STEP 1)** Become a member of FPA. It's \$26 a year for Fairfax County residents & out-of-County residents. You will receive training schedules, programming & event information as well as discounts on FPA training courses.
- **STEP 2)** FPA has successfully trained over 10,000 people in television production and radio broadcasting. Attend the training courses to become certified to use FPA's equipment. All FPA producers and volunteers must be certified and are required to attend FPA's free Orientation and Production Assistant courses.

- **STEP 3)** Begin production planning. Will you be doing a radio or television show? Will you be using a volunteer crew for "do-it-yourself" TV? Or, for a nominal fee, will you use FPA's professional staff for your production? Meet with the FPA staff who are available to assist you in planning your program.
