There were no guests who requested to speak to the Board.

FPA Executive Director’s Activities:

- Executive Director’s Report: Chuck Pena
  - See the distributed July Executive Director’s report, which includes the Staff reports

Highlights:

- Mr. Pena contacted the supervisors of the Mt. Vernon and Lee districts regarding the proposal to have an annex in the Route 1 Corridor, which borders both those districts. He is planning follow up meetings with their staffs.

- Mr. Pena met with Dr. Ellrod and two Assistant County Attorneys regarding the 120 day cure period if the county is dissatisfied with FPA’s performance. During negotiations for the 2006 Verizon franchise, the County Attorney’s Office had advised that the cure period language in the Administration agreements between FPA and the cable companies was unenforceable because the County is not a party to the Administration Agreements.

  The language for the cure was taken out of the Verizon agreement, but had remained in the Cox agreement until June 2013. Mr. Mullen noted that the language was helpful in getting FPA a building loan with Bank of America.

- Mr. Pena learned that adding the language could not be accomplished by a memorandum of agreement, but would need to be accomplished by legislation passed by the County Board of Supervisors, and county staff would provide us with a decision as to whether staff would draft legislation to be voted upon by the Board of Supervisors.

- The County also assured him that if there was an allegation of non-compliance, no action would be taken without a series of county hearings, which would take more than 120 days anyway.

- Mr. Pena reported that FPA Channel 36 is now being shown in Washington, DC.

- While Channel 36 is not being shown in Prince William County, because that is a site for a government channel, Ms. Shah stated
that being shown in Washington, DC, greatly increases the appeal of Channel 36 to program producers.

- Alexandria Harris started July 16 as a part time technical advisor, and Genevieve Llames has been hired to work as a part-time master control operator, effective August 1st.

- Hiatus was July 8-12, and Mr. Pena thanked the staff for their hard work during the break.

- Longtime FPA member and former Board member Elizabeth McGlohn passed away on July 21. FPA posted a notice on FPA’s Facebook page.

- Operations Report: Daniel Olewine
  - Mr. Olewine gave the operations report.
  - He noted the progress made over hiatus, painting, cleaning the prop room, and replacement of furniture, and hauled over 2 tons of refuse to the dump, and thanked Falls Church City TV for lending us their truck. See the operations report.
  - Defibrillator and CPR training was held for the staff on July 15, and staff also replenished the first aid kits.
  - Mike Stoeckel is now certified in ISF calibration, by the Imagining Science Foundation.

- Engineering Report: Daniel Olewine
  - See the engineering report.
  - Mr. Olewine sated that he will be attending Society of Broadcast Engineers Leadership Development Class in Atlanta, GA August 13-15.
  - A locksmith changed the locks for the building to a high security system that cannot be duplicated without appropriate authority.
  - Mr. Southworth observed that Sid Sachs has been unable to use Skype from Studio and asked for engineering support for his “Tracing Family Roots” program, for which could include international guests.
  - Mr. Olewine stated that he will reach out to Mr. Sachs and demonstrate how to use a laptop to access Skype, and will make it a priority.
  - Mr. Mullen seconded the motion to make this purchase.
  - The Board approved the motion unanimously.
• Outreach: Jerry Ferguson:
  ▪ See outreach and development report.
  ▪ Mr. Ferguson corrected his report stated that FPA hosted the Tysons Chamber Breakfast meeting, and cooked them breakfast in Studio A.
  ▪ He has moved into the TN 6 office upstairs. He salvaged some desks and a file cabinet from what was being hauled out of upstairs.
  ▪ Mr. Ferguson learned that much of the electrical service upstairs had been “daisy chained,” and has now been repaired.
  ▪ Mr. Ferguson spoke with zoning and electrical inspection personnel for the county and is preparing a floor plan so that FPA can have its usage and zoning permits updated.
  ▪ He stated that the zoning authorities were very helpful and would assist us in updating FPA’s permits.
  ▪ Mr. Housel thanked him for taking the initiative to ensure safety of FPA operations.

• Director of Programming: Maryam Shah
  ▪ Ms. Shah stated that she will begin training for Ms. Llames and should have a regular schedule for Master Control by the end of August.
  ▪ She noted that she still has one more position to fill, and will begin training once the other recent hires have completed training.
  ▪ She stated that new programming is slightly down for TV, however she is getting additional programming from PEG media to provide a variety of content to air on Channel 36 and Channel 10.
  ▪ Ms. Shah stated that we are working in partnership with the Angelika Film Center, giving away movie tickets each week, in exchange for free advertising on FPA.
  ▪ She stated that she also would like to offer the Board a chart to track monthly and annual hours for radio programming, as well.
  ▪ Ms. Shah reiterated that the hours for new programs on the chart only reflect the first airing of new programs. The Board agreed that those statistics would be helpful.
She stated that producers will usually have at least three plays per episode of a program if they have a regular weekly, biweekly, or monthly time slot.

  - Mr. Mullen and Mr. Giarrusso stated that they would discuss administrative costs with Fidelity and Nationwide, and report back to the staff.
  - Mr. Mullen stated that the plan can either be a 401(k) or 403(b) plan, even though FPA is a non-profit corporation.
