**STAFF REPORTS – (highlights below)**

**Executive Director - Chuck Pena**

**ACTION ITEM:** Chuck requested and recommended that the Board permit FPA producers to submit their FPA-produced programs to PBS and other noncommercial television networks/channels, including those on satellite TV, subsequent to such programming’s first play on an FPA channel, but within the first 12 months of each program’s first play over an FPA channel. He further recommended that producers of any television programming distributed to the above-mentioned television outlets be required to use FPA as their non-profit fiscal agent for any underwriting or other funding sought or obtained for such television programming.

Ruth Bennett moved that the Board approve Chuck’s two recommendations. Georgia seconded the motion.

**The motion passed.**

Chuck reported on the following:

- There were several inclement weather closings at FPA in March. Unfortunately the weather closings prevented Chuck from meeting with the new key people at the Mosaic at Merrifield Town Center. He has asked Steve Teets, the Senior Project Manager of Edens, the developer of the Mosaic at Merrifield Town Center, to reschedule the meeting. Chuck is interested in exploring opportunities for collaborating with them.

- FPA engineers ran the new conduit for the switch to HD programming, but there have been delays in the activation of Channel 1010, FPA’s HD channel.

- Giovanna Chesler, Director of the George Mason University Film and Video Studies (FAVS) Program and her Program Coordinator, Rebekah Mejorado, met with him and Ruth Bennett on February 27th, and after the meeting Professor Chesler expressed a strong interest in exploring collaboration between GMU FAVS and FPA.

**ACTION ITEM:** Chuck requested Board approval of FPA sponsorship at the $1000 level for George Mason University’s (GMU) “Off the Wall” fundraising event to celebrate the visual arts at GMU.

Jim Southworth moved that the Board approve Chuck’s request. Georgia Graves seconded the motion.

**The motion passed with one abstention.**

- Melanie Ng has been hired as the Senior Programming Coordinator and Neil Pickering as the Programming Coordinator. Chuck commended Director of Programming Maryam Shah for all the work she has done while being short staffed.

- Long and Foster is our new leasing agent for the rental of the two vacant offices upstairs.
Jack Lester, Vice President of EYA, the developer of the 25 new town homes to be built on the lot next to FPA, told Chuck that 23 have already been sold and he expects construction of the homes to begin by May 1.

The Federal Communication Commission (FCC) has re-classified Internet service under Title II of the Communications Act (essentially classifying it as a common carrier) and released a network-neutrality order on Thursday, March 12, with the rules going into effect 60 days after being published in the Federal Register. Chuck has some concerns regarding the new rules and has communicated with other county and community representatives who might be affected by the new rules.

**Director of Operations – Steve Ruddell**
- July to December renewals for TV producers using FPA studios will be mailed out March 31.
- At the April meeting he needs the Board to select the week for the Board election and the annual member meeting. He is holding September 20th and 27th as possible dates.
- He and Joe Marrero are conducting interviews to fill three part-time positions.

- He and Mike Stockle will be attending the National Association of Broadcasters Show.

**Director of Training – Jay Erausquin**

- He is planning the summer training including a 3rd Makeup for TV class.
- He has an idea for the better use of classroom 1 and for better staff training and will report on that next month.

Bank of America is working on obtaining the release of the First Union lien from FPA’s previous mortgage. When this lien from 10 years ago is released, the new loan can be signed.

He will track how the program operates and report back to the board.

Jay Erausquin sent out a message inviting members to attend. Using the Radio Guild Charter, Mr. Selim and Mr. Garcia have written a draft TV Guild charter.

Due to the weather and other circumstances, the Membership Committee is not ready to make recommendations for the board on the Executive Director’s January Action Item. The Committee plans to have recommendations at the next Board meeting.
