Conflicts of interest: none

Ms. Pointer asked everyone to adhere to the Board’s voluntary code of conduct.

The agenda for October BOD meeting was accepted.

There are no minutes for the September BOD meeting, which was also the annual member meeting.

Mr. Olewine contacted Mr. Flynn so that he could participate in Board elections.

Ms. Pointer observed that the BOD would give their monthly reports under our current titles.

Mr. Housel nominated Ms. Pointer for President, Ms. Pointer nominated Mr. Giarrusso. After a brief discussion, Ms. Pointer was reappointed President of the BOD.

Mr. Giarrusso nominated Todd McCallister to serve as Secretary, Mr. Housel seconded. Mr. McCallister was appointed Secretary of the BOD.

The Board decided not to appoint the final member to the Board at this time, and instead to discuss the open seat with other members that have expressed their interest.

FPA Executive Director’s Activities:

- Executive Director’s Report: Chuck Pena-
  - Mr. Pena asked the Board to consider an action item regarding the Vietnamese Talk Show series, and costs that the FPA incurred because of the litigation in which the station became involved.
  - Ms. Pointer clarified that we need to enforce FPA’s internal rules and reimburse its costs.
Ms. Pointer and Mr. Pena agreed to write a letter to the producers and notify them that disciplinary measures will be taken against them.

Mr. Southworth moved to authorize Ms. Pointer and Mr. Pena to notify them, and Mr. Mullen seconded. After a brief discussion, the Board voted unanimously in favor.

Mr. Pena stated that Cox Communications has committed to allocating FPA the same channel for FPA Spiritual Channel on channel 36.

Mr. Pena mentioned that Angelika Film Center that opened at Mosaic at Merrifield, and provided FPA Programming Director Maryam Shah with tickets for the premiere of Argo to be given away by our radio hosts.

Mr. Pena also discussed the options that were being explored for expansion of FPA to remote studio locations within the county.

He advised the Board that he is also in the process of determining how FPA used to have satellite offices in other locations, whether by leasing or other agreements.

- Operations Report: Steve Ruddell-
  - Mr. Ruddell asked the Board to approve a scholarship to cover the membership dues of member Tom Gavin.
  - Mr. Giarrusso moved that the Board grant him a scholarship, Mr. Southworth seconded, the Board approved the motion unanimously.
  - Mr. Ruddell also asked for the Board to approve streaming of the show he produces, 2012, on election night. The Board approved the motion, with Mr. Giarrusso abstaining.

- Engineering Report: Dan Olewine
  - Mr. Olewine stated that FPA is now FPA is now IPv6 compliant. He informed the Board that IPv6 is the new version of internet addressing that will allow for exponentially more devices to receive unique addresses on the internet.
  - He further noted that the current version of internet addressing known as IPv4 can only support a maximum of 4,294,967,296 addresses. Mr. Olewine stated that we are running out of these IPv4 addresses, observing that in September 2012, RIPE (the organization that distributes IP addresses in Europe) announced that they are assigning addresses on a very restricted basis from their last block of IPv4 addresses. ARIN, their US counterpart, is expected to run dry next.
  - However, IPv6 supports a maximum of 40,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000,000 (3.4x10^38 or 340 undecillion) addresses.
Because the two protocols are not compatible with each other, FPA is running what's called a 'dual stack' network, running IPv4 along side IPv6. This means some additional overhead, as firewall and network rules must be created for both protocols.

- Outreach and Development Report: Jerry Ferguson
  - Mr. Ferguson stated that he is videotaping and editing several events in the community, and to see the October Staff Report for details.

- Training Report: Jay Erausquin-
  - Mr. Erausquin said that he has sent out notices reminding our trainers teaching production classes to tell their students about the resources available at the station.
  - He noted that many of the students learning editing have left FPA after taking the course.
  - He stated that FPA will also offer a simplified and more modestly priced editing course, using the Adobe Premiere CS 6 program.

- Programming Report: Maryam Shah-
  - See the October staff report. Ms. Shah had no additional comments.

- Financial Report: Rocio Lopez-
  - She stated that revenues from Cox were approximately the same as last year, Verizon revenues were up $191 K.
  - Ms. Lopez observed that facilities costs were up $20 K this year, mostly from the cost incurred for replacing the air conditioning unit repair and cleaning ducts.
  - Mr. Ruddell noted that the compressor for Master Control may also need to be replaced.
  - Ms. Lopez also stated that FPA’s marketable securities improved by $43K.

  - He noted that given the return on investments currently available, there are few options that yield anything worthwhile.
- Mr. Mullen stated that he will contact Mr. Kendall to discuss investment alternatives. He hopes to have a meeting with him by December.
- Mr. Housel asked Mr. Mullen about the status of the retirement plan. Mr. Mullen stated that he will summarize the three plans and present the options so that employees can review them and choose their preferences.
